CONCLUSION

See the following four charts of US stocks (S+P 500), broad Goldman Sachs Commodity Index, Japanese stocks (Nikkei), and the Japanese Yen versus the US dollar.

The S+P 500 chart states: “US Stocks: Finally, a key top (or very close in time to one)” and gives “percentage declines from 1687 (5/22/13)”. It adds: “watch Japanese + European stocks alongside S+P 500”. Note the comments on the other charts.
